

PATRON'S CONNECT

A Naiknavare Newsletter

At Naiknavare, we're not just about creating valuable real-estate, we're also committed to building enduring relationships with our customers. Our newsletter is one such initiative. Through our newsletters, we strive to provide our valuable customers with information about all that's happening in the Naiknavare family, and specifically their own projects.

The March edition of Patron's Connect provides near-real time information about the construction progress of your home, and other related updates. We're pleased to also share glimpses of various newsworthy events, including customer-outreach programs, marketing efforts, and social gatherings held in the premises of your own project. We hope you enjoy this communique.

Happy Reading!

Volume IV

Dear Sir/Ma'am,

We hope this newsletter finds you safe and in good health. As you know, the past few weeks have seen a global crisis due to the rapid spread of the novel coronavirus and the resulting COVID-19 pandemic. In these testing times, we wish to reach out to you to make sure that you and your family are safe

At NDPL, our buyers, our partners and the community at large, are always our first priority. Therefore, we wanted to take this opportunity clear the air about where we stand in these uncertain times.

In order to make the most of the situation while also being responsible citizens, we have taken several steps, such as asking our employees to work from home and avoiding any travel, whether domestic or abroad.

It becomes, therefore, all the more important to stay connected to all those who're important to us, and for that we have put some processes in place.

We assure you that even though our offices are closed in accordance with the lockdown mandated by Government of India, we're operating remotely at full strength and are just a phone call away for any requirement that you may have. Work at our construction sites is on hold for now, but our entire team is available on call.

As soon as the situation improves, our teams will spring back into action at full efficiency to ensure that everything is back on track.

We have complete faith that we shall put this challenge behind us. On behalf of all of us here at NDPL, we'd like to thank you for your trust and continued support. As mentioned, we're always available on call, so kindly feel free to reach out to us if you need anything.

Take Care and Stay Safe!

Regards,

NDPL Family

INVITATION

Dear Patron,

It gives us great pleasure to inform you that we're now yet another step closer to putting the finishing touches to your Avon Vista apartment. We wish to share our excitement with you by inviting you to **'The Avon Vista: Home Décor Festival.'** Furnishing a home can be a daunting process and we want to help facilitate this key stage by bringing all the vendors to your doorstep.

Furthermore, we will have several home décor vendors to present you with their work at the clubhouse in an exhibition format so that you can prepare for the interior fit-outs of your dream home. The vendors will be able to suggest various design ideas so that you can take advantage of familia rising yourselves with all the elements that go into the making of your home and plan your finances accordingly. At the festival, you will be able to interact with

- | | |
|----------------------------|---|
| 1. Interior consultants | 7. Wallpaper vendors |
| 2. Furniture manufacturers | 8. Electronics vendor (for white goods) |
| 3. Curtain vendors | 9. Artificial plants & flowers |
| 4. Mattress vendors | 10. Audio & video consultants |
| 5. Modular Kitchen vendor | And many more. |
| 6. Paint vendors | |

This event is conceptualised to share construction progress updates in person, to meet various vendors for fit-outs so that you can plan ahead, but also to have a discussion on the following upcoming milestones

- | | |
|-----------------------|--------------------------------------|
| 1. Society formation | 3. Role of ad-hoc managing committee |
| 2. Possession process | 4. Possession kit sample |

We encourage at least 1 member of your family to join us for the Home Décor Festival if you are unable to do so in person. We would also be grateful if you bring along family members and/ or friends who may be on the look out for their own dream home.

The date & time of Home Décor Festival will be confirmed as soon as the current situation improves.

Looking forward to receiving you on-site.

Yours sincerely,

Naiknavare Developers

HANDOVER PROCESS

SOCIETY FORMATION AND POSSESSION PROCESS - AVON VISTA

The goal of our project management at Avon Vista is to obtain patrons acceptance of the project result. In order to make this go smoothly, the patrons and project manager must have a well-documented criteria of performance in place from the beginning of the project. This information is documented in our project management plan which should include all changes requested through the life of the project.

We are done with all required signatures for project number 1 for building A1 and B1 and have applied for the society registration to the concern authority. After the society registration, we will organize First Annual General Body Meeting(AGM) for formation of the society and will elect 11 people(flat owners) from A1 and B1 as a committee member. The last step will be the society handover.

Although handover is the last stage of the installation or construction project, it is the first stage of the much longer operational and maintenance phase. We at “Avon Vista” follows the stages of handover process.

We invite all the flat owners for examining their flats. Project manager addresses flat owner's queries and provide the timeline for completion of the work. In the next meet, after verifying the flat work, project manager gets signature of the flat owner on the document. The document will be handover to the collection team and collection team will complete the payment formalities and will handover the final possession to flat owner.

The final handover of the flat possession will be with “Possession Kit” which includes possession letter, flat keys, sanction floorplans, electrical, plumbing drawings and introduction letter of CRM.

SPOTLIGHT

Naiknavare has introduced a security and community management application called 'MyGate' for Avon Vista. Find some application specification:

Make your community smart, efficient, paperless

This ERP module helps communities run seamlessly. It automates a number of manual processes to simplify the work of management committee members and enable them to build a better community experience for their residents.

- Manage accounts on a single dashboard
- Get real-time updates on support tickets
- Keep the community on the same page

Visitor Management

Ensure your guests always feel welcome

A long wait at the gate is frustrating for everyone involved—your guests, the guard and you. Now with a simple passcode, your guests can be at your door in minutes. No need for the register.

Daily Staff Management

No more anxiety about whether your maid has checked in!

Plan your day better with entry and exit notifications from MyGate. Learn exactly when your maid, cook or driver enters the community, pay their salaries and review their attendance on the app.

Delivery Management

All your packages delivered, whether or not you're home

Get your deliveries sooner and without hassle. Not home? No problem. Simply instruct security to collect it for you via the app and pick it up at your convenience.

Child Security

Freedom for your children, but not at the cost of security

Why should there be a trade-off between your children's freedom and security? With MyGate, ensure that they need your permission to leave the community with or without an escort.

Intercom

The app also has all the functionality of an intercom system but from your mobile, which means that you can reach your main gate or neighbours from anywhere.

Security Alarm

In case of an emergency situation at home, you can raise an alarm to main gate security in just a couple of clicks.

Overstay Alert

What if a delivery person stays longer than needed within the premises? MyGate raises an alert to the security guard after a certain period.

Number Plate Recognition

MyGate uses advanced technology to detect the number plates of resident vehicles, triggering the main gate to open just when they need it to.

PROJECT DETAILS

ONGOING SRA PROJECTS

PRATHAMA (RAMTEKDI, PUNE)

The Ramtekdi slum is spread across 50 acres. To rehabilitate the slum dwellers in this area, we took over 15 acres of this land and started our pilot project 'Prathama'. This redevelopment program consists of 7 buildings with 11-stories providing a permanent roof to 1176 families. We completed the first phase of this project in 2015 and handed over well-built homes to 516 families. Each unit in these buildings is a self-contained house of 25 square meters and is equipped with basic civic amenities and community facilities.

PARIVARTAN (DANDEKAR BRIDGE, PUNE)

For our second slum rehabilitation project, we set our eyes on the slum dwellers located near Dandekar Bridge. We aimed to transform the lifestyle of the people dwelling in that locality, hence the project was named Parivartan.

To ensure that we preserve the fabric of community living, Parivartan has large common areas, common spaces on every floor, and lively wall painting to enable the residents in coming together as a happy community.

VAKOLA (SANTACRUZ, MUMBAI)

Situated in Vakola, Santacruz East, our slum rehabilitation project aims to offer quality homes to 3000 slum dwellers. To achieve this objective, we have already started the construction process. Our first building consists of 13 storeys with seven units of 1 BHK flats on each floor. We offer 300 square feet per 1 BHK unit; following the regulations made by the government and the Slum Rehabilitation Authority.
