

At Naiknavare, our commitment goes beyond creating valuable real estate. We believe in building enduring relationships with our customers, and our newsletter is one way we strive to achieve that. Through our newsletters, we aim to keep our valuable customers informed about the latest happenings within the Naiknavare family, specifically regarding their own projects.

In the January 2024 Edition of Patron's Connect, we bring you near-real time updates on the construction progress of Kutumb and other related developments. We are delighted to share glimpses of noteworthy events, including customer outreach programs, and social gatherings held within the premises of your own project.

We hope you find this communication informative and enjoyable.

CUSTOMER RELATIONSHIP MANAGEMENT (CRM)

At Naiknavare Developers, we believe not just in creating quality homes/ corporate spaces, but also in building endearing relationships too. For us, selling a property is not an end in itself, but a link in the process of building relationships and ensuring absolute peace of mind for our clients.

We believe clients are our only priority, and we work hard to earn their confidence and lasting goodwill. Naiknavare Developers has introduced a customer care department for addressing any issue faced by a customer through a single window system. Our aim is to make it a pleasant experience for the occupants who have bought properties at our premium projects, as well as tenants. The department will address the following issues:

- Any post possession related issues
- Customer feedback
- Customer grievances

As a valued customer, you can communicate with us through the Customer Care Department. You may register your concerns with our CRM dept. by just dialing our IVR No. : 020 - 41471111, 8956 382 382

Working hours: 9:30 am to 6:00 pm, Monday to Friday & 1st & 3rd Saturdays.

You may also send us an email at **customerservices1@naiknavare.com** and **customerservices@naiknavare.com**

CELEBRATING MILESTONES AND BIRTHDAYS

December /January

What should a captain be like?

One of them is Vilas Naiknavare A.K.A Kaka, a senior figure in our Naiknavare group of industries. That means Captain Kaka!! I am working with uncle since the last three years of my thirty-five years of service in the Naiknavare Group of Industries. Our industry group is benefiting from the experience that my uncle has gained in many big companies in foreign countries. Working with him requires a lot of thought and perseverance. He has constant control over all the accounts in the entire company. Overcoming numerous complaints and difficulties every day with a smiling face, humble nature, calm tone and zero irritation. This man is awesome! Because of this nature, he has made many friends in this journey. Ajatshatru personality should be like this man. Over the last three years of association, a bond has developed with uncle. In the last three years, I have learned a lot from my uncle. Today marks the 75th birthday of this brilliant man.
